

"Desert Mountain Blue Jay" Painting by Robert Carlson

CELEBRATION OF OUR MOUNTAINS

Visit El Paso Water's International Water Quality Laboratory

Friday, February 28th,
10 - 11:30 am

Visit the place where our water is tested for germs, pesticides, heavy metals and more in order to ensure that El Paso's water is clean and safe. This field trip is geared toward older high school students and scouts on a science and chemistry track, university science students, and interested adults in the community. This is not a field trip for young children.
